Enduro GoReady Smooth-Wall Aluminium Foil Trays

enduro
by contour

Lightweight, Recyclable and Cost Effective Tray Solution

Enduro lightweight aluminium foil trays are manufactured for pre-preparation and reheating food. Ideal for packaging pre-prepared meals, they are designed for use in a wide range of temperatures -40°C to 220°C, and to reheat the contents evenly. Use with lidding film for Modified Atmosphere Packaging. Use with PET lid for easy takeaway option (up to 110°C Microwaveable).

Product SKU	Vol. ml	Cavity	Quantity	Tray Size
END-6522-33	~800ml	1	500/box	220x150x33mm
END-7522-44	~1,000ml	1	500/box	220x150x44mm
END-8522-70	~1600ml	1	500/box	220x150x70mm
END-220L-PET	PET Lid Anti-fog	-	500/box	220x150x30mm

Benefits

Temperature Resistance

Temperature Range -40°C - 220°C. Dual oven-able - microwave & oven safe.

Chemical Resistance

Excellent packaging for Fats, Oils, Sugars.

Flexible

Use with lidding film or snap-on PET lid. PET lid is microwave only to 110°C.

Recyclable

Impermeable

Use with lidding film to create a hermetic seal; suitable for Modified Atmosphere Packaging. Keep food fresher for longer, reduce food waste.

Application

Ready meals:

Ideal for ready meals; quick processing, hermetically seal, modified atmosphere, easy-open-packaging.

Fresh produce & baked goods:

Protect produce from contamination, crushing, spoilage, and extend shelf life.

Frozen foods:

Protect food from crushing and freezer burn.
